**Travelling Safely**

Here are some simple steps pupils can take to keep safe and reduce the risk of becoming a victim of crime when travelling to and from school. They would be particularly useful for year 6 pupils who may be travelling to and from secondary school alone by public transport in September:

- Walking and texting at the same time can be dangerous, especially when crossing the road. You are less aware of what is happening around you.
- Think before you use your phone in public or on public transport - especially at bus stops, the tube or train stations.
- Keep a record of your phone's IMEI number - just type \*#06# (star, hash, 06, hash) into your phone and it will display a fifteen digit number. You can use this number to register your phone at [www.immobilise.com](http://www.immobilise.com). You stand a very good chance of getting your phone back when stolen, particularly if the matter is reported to the police quickly. Don't wait until you get home. Get someone to ring the police on 101, or speak directly to a member of your school staff or a police officer. Always call 999 in an emergency.
- Many mobile phones have apps that can help you find your phone. Make sure you download these and have them on your phone as they are free. If your phone is stolen, tell the police about your app.
